

# Fall into great fundraising routines!

Fall is the most wonderful time of year! Not only because I love anything pumpkin, but because more than Summer, Fall brings the community together. Fall is the start of festival season, school is in full swing, and football stadiums are filled with supportive parents and friends!

With the season of Fall, comes AMAZING opportunities for your personal fundraiser. This season I want to challenge you to attend at least one event in your community. What could be better than spreading awareness for your cause and meeting new people in your community?

## **Where are the opportunities?**

Fall Festivals (call the local HOAs), church festivals, and your local schools.

If you need any help knowing who to contact, please email me. I am here to help YOU and your fundraising cause!

**\*\*If you share a picture of you at a local event, Noir Naturals will send you a free soap for your personal use!**

Respectfully, Dana, from your Fundraising Team

**Fundraising Tip # 1** *Know your audience.* Take a good, long look at the products you're planning to sell and build a profile of your ideal customer.
